BUILT ENVIRONMENT

The Corporation of the Township of Baldwin will strive to ensure that new facilities and extensive renovations are designed and built to accessibility standards.

As they become available, funding applications will be submitted to both the Federal and Provincial levels of government to help address the accessibility issues that the municipality is faced with. The Township will continue to identify any opportunities to enhance accessibility requirements within the community.

REVIEW AND MONITORING OF THE PROCESS

The Corporation of the Township of Baldwin is committed to the continual improvement of access to all municipally owned facilities, premises, and services for all those with disabilities and the provision of services to all members of the community with disabilities.

The plan will be reviewed and monitored regularly in order to identify and monitor barriers and the direction in which the Township is moving to remove barriers under the Ontarians with Disabilities Act. Department Heads together with Council will make decisions on which barriers are to be addressed; these recommendations will be based and subject to budget restraints and feasibility. This Municipal Accessibility Plan shall be adopted by Council.

COMMUNICATION OF THE PLAN

This plan will be available on the website as well as at the Township Office. We will make it available for all persons for their review and perusal. Should Braille copies of the plan be requested, Council will try to accommodate by having staff contact the Canadian Institute for the Blind, with respect to translation, if required.

CONCLUSION

The Ontarians with Disabilities Act requires municipalities to prepare an accessibility plan. The Corporation of the Township of Baldwin has made accessible progress in its buildings and service delivery over the years. As the community continues to grow the Township will respond to the needs of the community. This plan establishes a benchmark and strategy to become a barrier free community.
