

****Snow Plowing and Road Maintenance Update****

The Public Works Department would like to inform residents that snow plowing and road maintenance operations are still ongoing throughout the municipality.

At this time, we are experiencing mechanical issues with our smaller plow truck, which is used to access narrow streets, laneways, and other hard-to-reach areas. Our team is actively working to resolve the issue as quickly as possible.

As a result, residents in these areas may experience temporary delays in service. We appreciate your patience and understanding while repairs are underway and service is fully restored.

Our crews remain committed to maintaining safe and passable roadways, and all available equipment continues to be deployed.

Thank you for your cooperation.
